

## M8 male 0° / M8 female 0° A-cod. shielded

PUR 3x0.34 shielded bk UL/CSA+drag ch. 25m

Male straight – female straight M8 – M8, 3-pole shielded

Plastic housings with good resistance against chemicals and oils.

The resistance to aggressive media should be individually tested for your application. Further details on request. Further cable lengths on request.

| Operating temperature min.                        | -25 °C   |
| Operating temperature max.                        | 85 °C  |
| Additional condition temperature range            | depending on cable quality   |
| Important installation notes                      |  |
| Note on strain relief                             | Protect the connectors by suitable measures from mechanical loads, e.g. by the usage of cable ties.  |
| Note on bending radius                            | Attention: Observe the permissible bending radii when laying cables, as the IP protection class can be endangered by excessive bending forces. |
| Conformity  |  |
| Product standard                                  | DIN EN 61076-2-114 (M8)  |
